**Action:**

Grant funding obligation for referenced grant project (funded with ARRA funds) per the NEG Agreement. See Grantee application dated June 16, 2009 which is incorporated by reference.

**Additional Special Terms and Conditions:**

Grant Period: The approved period is July 1, 2009 through June 30, 2011.

Budget and Plan: The approved threshold amount is up to \$3,421,645 for the overall Grant Period, with an initial incremental award of \$1,667,740. Additional increments may be provided based upon enrollments and expenditures and will be subject to availability of Federal funds. The Grantee must submit revised Budget and Plan documents to reflect the initial award amount within the Grant Period limitations. In the interim, the budget and plan figures are approved as reflected on Quarter 4 of the Planning Form.

JL French Employer Layoffs: If employees of JL French Automotive Castings become certified for TAA, the Grantee must submit a modification to reduce enrollments and expenditures allotted to NEG funded training. Excess funds should be allotted to the Supportive Services line item, considering that the current level is low for this dual enrollment NEG providing wrap-around services.

One Stop Center: Support for the "satellite center" is approved only for the allocable costs associated with services for the NEG participants.
